

PROCEDURE - COMPREHENSIVE SEXUAL HEALTH EDUCATION

All instruction and materials for the NWESD 189's comprehensive sexual health education program will meet the following criteria:

- 1) Medically and scientifically accurate;
- 2) Age appropriate;
- 3) Inclusive of all students regardless of their protected class status;
- 4) Consistent with the Health Education K-12 Learning Standards adopted by the Office of Superintendent of Public Instruction (OSPI); and
- 5) Consistent with the Guidelines for Sexual Health Information and Disease Prevention.

In grades K-3 instruction will be in social and emotional learning, provided at least once, that is consistent with the social and emotional standards and benchmarks adopted by OSPI.

Comprehensive sexual health education will be provided at least once in grades 4-5, at least twice in grades 6-8, at least twice in grades 9-12, and will include information about:

- The physiological, psychological, and sociological developmental processes experienced by an individual;
- Abstinence and other methods of preventing unintended pregnancy and sexually transmitted diseases; abstinence may not be taught to the exclusion of other materials and instruction on contraceptives and disease prevention;
- Health care and prevention resources;
- The development of intrapersonal and interpersonal skills to communicate, respectfully and effectively, to reduce health risks and choose healthy behaviors and relationships based on mutual respect and affection, and free from violence, coercion, and intimidation;
- The development of meaningful relationships and avoidance of exploitative relationships;
- Understanding the influences of family, peers, community and the media throughout life on healthy sexual relationships;
- Affirmative consent and recognizing and responding safely and effectively when violence or a risk of violence is or may be present, with strategies that include bystander training.

## **Definitions**

The NWESD 189's cooperative programs will provide comprehensive sexual health education as defined by RCW 28A.300.475.

1) **Comprehensive sexual health education:**

RCW 28A.300.475 defines comprehensive sexual health education as recurring instruction in human development and reproduction that is:

- A) Medically and scientifically accurate;
- B) Age-appropriate;
- C) Inclusive of all students, regardless of their protected class status; and
- D) Uses language and strategies that recognize all members of protected classes under Chapter 49.60 RCW

2) **Comprehensive sexual health education for students in grades K-3** is defined as: Instruction in social-emotional learning that is consistent with learning standards and benchmarks adopted by the OSPI under RCW 28A.300.478.

3) **Affirmative consent** is defined as: A conscious and voluntary agreement to engage in sexual activity as a requirement before sexual activity.

4) **Medically and scientifically accurate:**

RCW 28A.300.475 defines medically and scientifically accurate as information that is verified or supported by research in compliance with scientific methods, is published in peer review journals, where appropriate, and is recognized as accurate and objective by professional organizations and agencies with expertise in the field of sexual health including but not limited to, the American College of Obstetricians and Gynecologists, the Washington State Department of Health (DOH) and the Federal Centers for Disease Control and Prevention.

5) **2005 Guidelines for Sexual Health Information and Disease Prevention:**

This publication, prepared by the DOH and the OSPI, provides the fundamental framework for establishing a medically and scientifically accurate comprehensive sexual health education program for students. A copy of the Guidelines for Sexual Health Information and Disease Prevention is located on the DOH and OSPI websites.

### **Adoption of a Sexual Health Education Program**

NWESD 189 will involve parents and appropriate community groups in the planning, development, evaluation and revision of any instruction in comprehensive sexual health education offered as a part of student cooperative programs.

The NWESD 189 must ensure that all instructional materials are medically and scientifically accurate. The DOH is available to provide technical assistance in determining medical and scientific accuracy. When choosing curriculum, NWESD 189 staff may examine the list of materials reviewed for medical and scientific accuracy that are located on the OSPI website at [www.k12.wa.us](http://www.k12.wa.us).

In determining curriculum, NWESD 189 staff are encouraged to review OSPI's list of sexual health education curricula that were reviewed for their alignment with the guidelines, standards and other state requirements. Although the list is not exhaustive, the list is updated regularly and is posted on the OSPI website at [www.k12.wa.us](http://www.k12.wa.us). If the NWESD 189 chooses or develops a curriculum that is not from OSPI's list, the NWESD 189 must conduct a review of the selected or developed curriculum using the comprehensive sexual health curriculum analysis tools provided by OSPI. Ultimately, the NWESD 189's comprehensive sexual health education program will ensure that in the K-12 life of a child, the comprehensive sexual health education program is consistent with the 2005 Guidelines for Sexual Health Information and Disease Prevention, the Health Education K-12 Learning Standards and the provisions of RCW 28A.300.475.

For technical assistance, staff may contact the Sexual Health Education Program supervisor at OSPI.

### **Guest Speakers**

Guest speakers may deliver comprehensive sexual health education as long as they and all instruction materials used are consistent with state law.

### **Parental/Guardian Notification Process**

At least one month prior to teaching a program in sexual health education, each student cooperative program will provide written notice to parents/guardians of the planned instruction.

### **Parent/Guardian Material Review Process**

At least one month prior to providing instruction in sexual health education, the NWESD 189 will notify parents that all instructional materials are available to parents/guardians for inspection.. The notice must include, or provide a means for electronic access to all course materials, by grade, that will be used at the cooperative program during the instruction. The opportunity for inspection will be provided at a time and place convenient for parent/guardian participation such as evenings or weekends.

**Excluding Student from a Cooperative Program/Opt-Out**

A parent/guardian who wishes to have a student excused from planned instruction in comprehensive sexual health education must file a written request with the cooperative Program Administrator at least seven (7) days prior to the planned instruction. The NWESD 189 will make the appropriate opt-out form available and will grant all such requests. Excused students will be provided with appropriate alternative educational opportunities. Sample notification and opt out letters are available from OSPI.

**Identification of Curricula Used**

The NWESD 189 will annually identify to OSPI, using OSPI's reporting tool, any curricula used to provide comprehensive sexual health education and how the provided classroom instruction aligns with requirements of RCW 28A.300.475.
