

Preparing for College

Find other available PASS courses at www.msdr.org!

When you're the first person in your family to attend college, you've got lots of questions. At your own pace, in a few short weeks, you can get answers through the **Preparing for College** workbook.

- ✓ *How will I get into college?*
- ✓ *Which college should I choose?*
- ✓ *What is it like to be in college?*
- ✓ *How will I pay for college?*

Ask your Migrant Graduation Specialist, Migrant Student Advocate, or counselor to help you get the PASS **Preparing for College** one unit course today, and earn credit while getting answers to your questions!

Get ready for college, starting **TODAY!**

- Develop specific, written goals for your future.
- Explore possible careers so you can choose a major in college.
- Learn how to search for scholarships and grants to help pay for education after high school. Develop a timeline to improve your chances of getting awards.
- Find out about college admission tests. Learn quick tips to improve your scores.
- Discover how you learn best so you make the most of your study time.
- Decide which colleges would be a good fit for you.
- Plan ahead for conversations with your family about education after high school.
- Use the Internet to supplement what you are learning in your high school classes.

Make your college application **STAND OUT!**

- Write a college essay that will help get your application noticed and approved.
- Learn how to fill out the application packet you'll submit to get into college.
- Prepare for a college interview: you are more than words on a page! Plan ahead for possible questions.

You - a **COLLEGE** student!
What's that like?

- In college, students are treated as adults. What does that mean?
- How will college be different from high school?
- What will I wear? How will I make new friends?
