WA

Maximizing Your Impact as a Para Professional

This **FREE** interactive workshop is filled with strategies and techniques to support a positive approach to communicating effectively with all students. Strategies to maximize the impact Para professionals have on students include:

- Understanding of the use of graphic organizers for multiple purposes
- Effective questioning
- Using language to foster student learning

Participants will learn about issues facing some of their students and their potential impact on student learning. Specifically,

- What are the special needs of Migrant students?
- Understanding cultural bias.
- Understanding the impact of poverty on students.

All Para Professionals from Project and Non-Project schools are welcome!

To register, please go to www.esd123.org/pd and choose "Maximizing Your Impact as a Para Professional."

Contact Mary Kirby at mkirby@esd123.org or at 509.544.5757 for more information.
