<p>Your webinar, " Build Your English Learners' Reading Comprehension Across-the-Curriculum," is scheduled for Wednesday, April 23 from 1-3 p.m. Eastern Time.</p> <p>This email contains access information and directions for participating. All registrants will receive a CD-ROM and a link to the online recording the following day. Your CD-ROM will ship a week after the scheduled event:</p> <p>To participate live on April 23: IMPORTANT: Adjust for your time zone!</p> <p>ACCESS INFORMATION: To join the webinar, please log on here 5-10 minutes before the start. Register as a guest. You need enter only your name. No password is required.</p> <p>http://ernwebinars.adobeconnect.com/calderon/</p> <p>IMPORTANT: You need a good wired internet connection (we don't recommend wireless) and adequate speakers on your computer for good audio quality. Please check the sound quality of your computer in advance.</p> <p>If your computer does not have adequate sound, Canadian and U.S. participants may access audio by speaker phone by calling 1-800-832-0736. Once the call goes through, press the "star" key followed by room number 3636813 and the # key. Please use this phone connection only if you cannot receive satisfactory audio on your computer.</p> <p>Please test your computer's compatibility for this webinar in advance:</p> <p>http://ernwebinars.adobeconnect.com/common/help/en/support/meeting_test.htm</p> <p>Don't worry if the test shows that you do not have the Adobe Connect add-in. It is not required to join this webinar as a participant.</p> <p>We encourage all participants to log in at least 10 minutes before the conference start. If you have any problem accessing the conference, call Customer Care immediately at: 1-888-523-8445.</p> <p>Here are some other tips and reminders to make your experience as good as possible:</p> <p>You can sign in from several computers if you wish, but if you choose to access audio by</p>

<p>phone, please use only one phone line per registration.</p> <p>Use a wired Internet connection, if possible. Wireless may not have sufficient band-width for satisfactory audio. If you must use wireless, use the phone connection for audio. (International customers: Please contact us if you need an international dial-in number.)</p> <p>We recommend closing all other applications open on your computer.</p> <p>If you are hosting a group, reserve a quiet space. Test the quality of your computer speakers or speaker phone in advance. Many groups project the webinar on a screen for easier viewing.</p> <p>If you miss the conference, don't worry! All registrants receive a link to the entire recorded presentation the following day. Look for an email that says, "webinar recording" If you do not receive it the next day, please contact us at 207-632-1954. You will receive your CD-ROM 3-4 weeks after the scheduled event.</p>
