

## Locating Duplicate, Merged and Shared SSID's (Assessment)

Enter into the EDS application (hyperlink below). If you do not have access to the CEDARS application, request to be assigned viewing permissions by your District CEDARS Administrator.

[EDS - OSPI](#)

Enter the CEDARS application under "My Applications." Click the "SSID" tab and follow to the SSID Report options on the left hand column.

### SSID

#### Students with Possible Multiple SSIDs

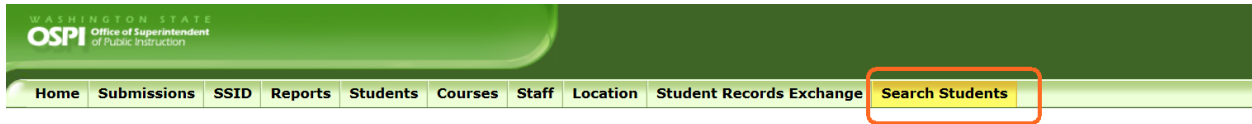

This report displays students who may have more than one SSID in the CEDARS system. The results are determined by students with an exact match on Last Name, First Name, Birth Date and Gender. Please be aware that there are students who match exactly on the criteria who are indeed different students. You may find students who are listed as attending a district other than yours; please pay close attention to these as the student may have transferred. For questions on resolving the multiple SSIDs please contact Customer Support.

## Search Students

### Student Search

Search Student

School Year:	<input type="text" value="All School Years"/>	District Student Id:	<input type="text"/>
First Name:	<input type="text"/>	SSID:	<input type="text"/>
Middle Name:	<input type="text"/>	Gender:	<input type="text" value="Select"/>
Last Name:	<input type="text"/>		
Birth Date:	<input type="text"/>		

Enter your search criteria in one or more fields above. The results displayed will match **ALL** of the criteria you provide (as opposed to ANY).  
At most 100 records can be displayed at once. If your desired result is not found, please refine your search criteria.
