

LAP data reporting with OSPI

- Clunky... need tips from people who do it well
- Leilani: skyward district
- End of year topic possibly

Student growth percentiles and how districts are using those

- How to measure it
- How to use in communication with families
- School improvement framework, clarity of what the formula is
- Could include how to measure growth in district assessments and growth
- Samples of how to communicate student data with families/teachers/etc
- Could be a topic for next DAC meeting

District presentations on something unique they're doing that they can share

- Mukilteo, Monroe, Granite Falls
- Maybe bring printouts/templates/send files

New DAC Materials/Packets - for new DACS for future use

San Juan DAC: johnboyd@sjisd.wednet.edu

Effective use of SBA Interims

Target Reports in ORS, inform the CIP clients (is that what she said?)

Grad Alternatives

Follow up studies on graduates.... What do they do when they leave?

When students exit EL... how to track, for how long, etc.
