On the second day the participants will examine coaching tools, data tools, and other elements that serve to guide and support the early learning PBIS initiative. The instructor, **Tim Andrews**, will introduce the ***Teaching Pyramid Observation Tool (TPOT) Manual*** which

assesses early learning PBIS at the classroom level. Participants will also have the opportunity to hear from early learning and K-12 leaders involved in PBIS and to join an ongoing community of practice for implementation during the 2016-17 school year.
