Program	Description	Cost
<p><b>Migrant Education Program</b></p> <p><b>Contact:</b>            Clint Weckerly   <a href="mailto:cweckerly@nwesd.org">cweckerly@nwesd.org</a>            Enrique Lopez   <a href="mailto:elopez@nwesd.org">elopez@nwesd.org</a>            Tanya Rojas   <a href="mailto:trojas@nwesd.org">trojas@nwesd.org</a></p>	<p>Spring &amp; Fall Convening - Bring together migrant project districts as a regional support system. Network with partners about service delivery plan, MEP implementation and other migrant support services.</p> <p>Technical support - <i>Migrant 101</i> and <i>Migrant 201</i> presentations, comprehensive technical assistance regarding iGrants, migrant ELA &amp; math instruction, parent advisory councils (PACs), records-keeping and documentation, and non-instructional supports available at anytime, both in-person or remotely. MEP-related PD opportunities will be posted regularly to NWESD website.</p>	
<p><b>Networks</b></p> <p><b>Contact:</b>            Kim Kellogg   <a href="mailto:kkellogg@nwesd.org">kkellogg@nwesd.org</a>            Mary Ellen Huggins   <a href="mailto:mhuggins@nwesd.org">mhuggins@nwesd.org</a>            Brian MacNevin   <a href="mailto:bmacnevin@nwesd.org">bmacnevin@nwesd.org</a></p>	<p>Network meetings on content specific topics. Learning Networks in Math, ELA and Science choose on a yearly topic to learn, practice and reflect on their own teaching and/or coaching. Those attending often incorporate what they have learned with their students and share what they have learned with their peers. Participants engage in professional learning that is supportive of all learners.</p>	<p>No charge to districts</p>
<p><b>OSSI/School Improvement</b></p> <p><b>Contact:</b>            Gayle Everly   <a href="mailto:geverly@nwesd.org">geverly@nwesd.org</a></p>	<p>Schools identified for comprehensive or targeted support have access through Partner Teams to professional learning in academics, managing change and understanding and using data. Tier three supports through OSSI are available for all comprehensive schools.</p> <p>NWESD will support all regional schools to improve outcomes. NWESD will support schools through building leadership capacity, collecting and using data to better inform instruction for varied and diverse needs, transformative action planning, content coordinators for ongoing, embedded Professional Learning, increased teacher conferencing and mentoring strategies, PLC work to include SWD as focus, and multi-tiered supports systems to ensure all children have access to core instruction. We will support efforts to build a strong, climate for learning and culturally responsive work.</p> <p>As districts work with our team to analyze data to focus on increased students learning we will identify professional learning supports and develop customized sessions to strengthen leadership, instruction, collaboration and mindset.</p>	<p>Cost varies depending on cooperative, network and consortium participation, availability of skilled staff and materials.</p> <p>Some services will be provided at no charge to districts.</p>

Program	Description	Cost
<p><b>Science</b></p> <p><b>Contact:</b>            Brian MacNevin   <a href="mailto:bmacnevin@nwesd.org">bmacnevin@nwesd.org</a>            Joanne Johnson   <a href="mailto:jjohnson@nwesd.org">jjohnson@nwesd.org</a></p>	<p><b>CASTL</b>, the Collaboration for Ambitious Science Teaching and Learning (CASTL), is a network of ESD's, school districts, and teachers that supports and expands upon the work of the Partnership for Ambitious Teacher Leaders (PASTL). This network focuses on equitable access to science learning through job embedded collaborative learning and implementation of the Ambitious Science Teaching practices.</p> <p><b>Climate Science</b> - The grant will provide trainings for science teachers in the Washington State Science Learning Standards (WSSLS) with an emphasis in the climate science education standards.
