

2019-20 OER Project Grant

Proposals due May 30 by 4 pm

As more districts develop or adapt OER, we have a tremendous opportunity to share resources -- promoting equitable access to standards-aligned, quality instructional materials. This grant program is in support of that goal.

In order to be considered for funding, proposals must address one of the following areas:

1. Complete the development/adaptation of openly-licensed **core instructional materials** aligned to state learning standards in a specific content area.

OR

2. Complete the development/adaptation of openly licensed **unit-level supplemental instructional materials** aligned to state learning standards in a specific content area.

- *All resources produced with this grant will be licensed under the [Creative Commons Attribution license](#) and made available to the public through the [OER Commons Washington Hub](#).*
- *This opportunity is open to Washington public schools, tribal schools, school districts, or educational service districts.*

Apply through the [iGrants](#) system – Form Package Number 730.
