

**Innovative Educators Symposium
“Transforming Learning in the NW”
Agenda for May 30, 2019**

The Purpose of the Day:

- Celebrate another year of our regional deep learning collaboration
- Experience high engagement learning designed around global competencies

Outcomes:

- Reflect on and refine our understanding of deeper learning
- Learn about the teachers’ thinking about learning design and/or other NPDL tools
- Learn about the importance of deeper learning experiences for all students
