

Announcing the *Modeling Our World With Mathematics* Virtual Training!

The **Modeling Our World With Mathematics Summer Institute Virtual Training** is a free training designed to provide teachers who will be teaching this course during the 2019-20 school year with the curriculum, tools and networks needed for full course implementation.

The virtual training is a Moodle course that includes the MOWWM Summer Institute video and associated tasks. This course will be available from September 6 - October 6, 2019 and offers 5 clock hours.

Completion of this virtual training provides access to additional course resources developed for assessing your students and will enroll you in a community of practice to provide support throughout the school year.
