Why Dual Language

“Dual language learning has been found to be the only method of second language acquisition to facilitate the full closure of the achievement gap between English learners and English speakers in primary and secondary education. Strictly structured and well-implemented dual language instruction across all subjects of the curriculum provides all students the opportunity to develop a deep academic proficiency in two languages, which will give them the tools to become highly-sought-after bilingual professionals in today's more globalized world.”

Wayne P. Thomas and Virginia P. Collier

PATTERNS OF LOW-SES ELLs' LONG-TERM ACHIEVEMENT IN ENGLISH READING ON STANDARDIZED TESTS (similar pattern for each SES group)
