

School District	Has the HiCap Cooperative met its original intent of helping districts with the new Highly Capable requirements?	Based on the data, NWESD recommends omitting technical assistance next year. Would your district still like to have an option for technical assistance?	Would your district like to continue to have a HiCap PLC for district leaders/specialists?	Would your district be interested in having teacher trainings next year?	Would your district be interested in migrating the HiCap Cooperative into a HiCap Network?
Bellingham	Yes	No	Yes	Yes	Yes
