

Workgroup Meeting 1 Team Planning

VISION: What is our District Vision in the areas of Teacher/Principal Evaluation? What have we already done?

COMMUNICATION: What other interested individuals or groups do we need to include in this work? How will we make that happen as a District team?

Create a communication plan; consider using the stakeholder map, the action register, and the 15/30/45 to solidify your plan today. Be prepared to share your plan at 2:45.
