

Learning Targets

4th Grade Writing

- How do you take that great writing that you did in your revision yesterday and use that in your whole story of writing that you're doing?

5th Grade Math

- We're going to be creating different sets of data that have the same mean.

9th Grade Algebra

- I'm hoping you walk away from this warm-up with a really great idea of the different meanings of minus signs. OK? Like how your group writes answers different ways and what's correct and what's not correct. So we're really going to focus on looking at a collection and how that gets written correctly mathematically
- Please make sure everyone's part of this discussion. There's a lot of crazy stuff going on, and everyone here has got something great to contribute.
