**PUBLIC INSTRUCTION**

## **Overview of the Annual High School Art Show**

In celebration of student art, the Office of Superintendent of Public Instruction (OSPI) sponsors the Annual Superintendent's High School Art Show. For nearly 50 years, it has been a favorite event for many. It is the culmination of a selection process that begins across the state in each of the nine educational service districts (ESDs). In the winter, teachers submit high school students' artwork to their local ESD's regional art show. Regional winners selected at each ESD are sent to the Office of Superintendent of Public Instruction (OSPI) for review as part of the Superintendent's High School Art Show. OSPI displays all regional winners online. Artists and arts educators score the artwork and selected pieces receive special recognition in an awards program hosted by the Superintendent. See entries from past Art Shows posted on the [OSPI website](#).

## **Artwork Photography Instructions**

Since we are unable to receive artwork in-person this year, student artists are required to submit their own JPG images of their artwork. To avoid error and maximize the quality of the show, files should follow these guidelines:

1. All files should be named with the following convention: [StudentLastName]-[FirstName]-[ArtworkTitle]-[School]-[image#].jpg
2. Please do not submit two files with the artwork title of "Untitled".
3. Digital photographs or digital artwork can be submitted directly as JPG files.
4. Upload files as JPGs when submitting the entry form. Files should be larger than 200kb and smaller than 5mb. (Original size from your phone camera, not downsized or compressed.)
5. Photos of artwork will be professionally edited to ensure equitable representation and continuity throughout the NWESD art show. Follow the guidelines below for non-digital mediums to maximize successful editing.

### **Ceramics and 3D Artwork Photo Guidelines:**

1. Photograph your artwork on a solid-colored background that provides sufficient contrast with your piece.
2. Photograph in a well-lit area, near a window and with a lamp pointing behind the piece (if possible).
3. Do not use a flash.
4. Take 2-3 photos from different angles to highlight the features of your piece. Take close-ups of small details. Don't forget to photograph vases and other vessels from the top down, so judges can see the thickness.
5. Take one photo with a piece of white paper resting in front of your piece. Be sure to submit this photo. It will be used to ensure the color is represented as accurately as possible.

### **Flatwork Photo Guidelines:**

1. Photograph in a well-lit area, near a window and with a lamp pointing at the artwork in a way as to not cause glare.
2. Try to shoot as straight-on as possible, but if needed to avoid glare, slight angles are okay.
3. Do not use a flash.
4. Take close-ups of small details for complex pieces.
5. Take one photo with a piece of white paper in resting in front of your piece. Be sure to submit this photo. It will be used to ensure the color is represented as accurately as possible.
6. Crop your photo close to the edges of the artwork but leave a bit of space around the edge.

## **Artist's Statement**

The purpose of the Artist's Statement is to promote reflective and critical thinking regarding visual art and to enhance visual awareness skills and processes. The Artist's Statement will not be part of the judging process. This component is voluntary. You may also choose to record a video of your artist statement (this will be required for any pieces moving on to the OSPI State Art Show)

Answer the following questions in a narrative style in the space provided on the registration form:

1. Describe the major idea, concept or artistic problem that lies at the heart of your artwork.
2. Describe the most important thing you learned from this project.
3. If you were to do the piece again, what would you change or do differently?

## Review & Selection Process

The review of artwork will happen without identifying information (no student, district, school, or teacher names). A jury of artists, and educators will base their scoring on three criteria which are aligned with the Washington State Arts K–12 Learning Standards:

1. **Creativity** — Artwork demonstrates original thinking and expressive, artistic perceptions.
2. **Composition** — Artwork demonstrates a unique and sensitive way of answering artistic questions. It illustrates student understanding of and ability to interpret the elements of art and the principles of design. It makes a unique statement.
3. **Technique** — Artwork demonstrates student competency in using the medium to achieve the desired outcome.

## Entering Artwork

Students will need to complete the [2021 NWESD Regional High School Art Show Registration Form](#), upload digital pictures of artwork, and return signed release forms. The deadline for submitting entries to the NWESD Regional High School Art Show is **March 12, 2021**.

**Registration Form:** The entry form includes an uplink function for photos.

**Release form:** After submitting your entry, we will send you a release form. The release form needs to be signed and returned to the NWESD. You can mail the signed form to NWESD or scan or take a photo of it and attach to an email (send to [jlongchamps@nwesd.org](mailto:jlongchamps@nwesd.org)). If you do not have a way to print the release form, contact us and we can mail you a copy.

## Original Artwork

**ALL artwork submitted MUST be completely original!**

- If artwork is determined to be a copy, it will be disqualified from the show.
- Do NOT submit any artwork that has been copied, replicated, or manipulated from published photographs, magazines, book illustrations, or other artwork, including the Internet. If a photo is used, the original must be reviewed by the student's teacher and approved to authenticate originality.
- Teacher's signatures attesting to the originality of the artwork being submitted is required.
- If there is any doubt as to the originality of a piece, the teacher should not submit it. The integrity of the teacher and student in submitting only original artwork is expected and appreciated.
- By signing the Release Form, students indicate their understanding of these rules.

Educators: if a classroom assignment involves any copying of another artist or writer's work, even if it's just for the purpose of practicing and learning, please direct students not to submit these works. If you have any doubt about whether a submission is original, please do not submit that artwork.

The following information was copied from and adapted, with permission, from *Scholastic Art & Writing Awards* at <http://www.artandwriting.org/what-we-do/the-awards/copyright-and-plagiarism/>; retrieved on 10/11/2017.

## **What is Copyright & Plagiarism?**

Educators and students are responsible for educating themselves on copyright and plagiarism issues.

**Copyright** is a form of legal protection prohibiting others from copying one's creative work without permission. A copyright is a property right. Copyright law grants the creator of an original work the exclusive rights for its use and distribution.

**Plagiarism** is an ethical violation resulting from failure to cite sources and engaging in the act of passing someone else's work or ideas off as one's own. This applies even if you have only copied a part, rather than the whole, of another's work.

## **How do I know if my work is original?**

An original work is one that is new and different from what others have created. This means that you are the author of the work, and the work is not copied from someone else's original work.

Even if there is no exact or literal copying, but the average person may notice substantial similarities between the submitted work and the source material, it is possible that the work is not considered original and should not be submitted. For example:

- A pencil drawing that directly copies a celebrity portrait that was taken by another artist is not original work.
- Changing the medium—for example, creating a painting based on a photo that was taken by someone else is not original.
- A painting or drawing of a photograph taken from the Internet or a magazine is not considered original and should not be submitted.
- Cropping or resizing an image does NOT make the work transformative.
