SLG Goal Quality Review Checklist

Before SLG goals are used in teacher and administrator evaluations, this checklist should be used in order to approve them. For an SLG goal to be approved, all criteria must be met.

Baseline Data	Yes	No
Is baseline data used to make data-driven decisions for the SLG goal, including student information from past assessments and/or pre-assessment results?		
Student Growth Goal (Targets)		
Is the SLG goal written as a “growth” goals v. “achievement” goal? (i.e. growth goals measure student learning between two or more points in time and achievement goals measure student learning at only one point in time.)		
Does the SLG goal describe a “target” or expected growth for all students, tiered or differentiated as needed based on baseline data?		
Rigor of Goals		
Does the goal address specific knowledge and skills aligned to the course curriculum and based on content standards?		
Is the SLG goal measurable and challenging, yet attainable?
