*\*Student growth rubric rows are designed to focus on actual student achievement, rather than principal actions. Element 3.5 is intended to analyze the achievement of all or most of the students in the school. Element 5.5 is designed to analyze the achievement of students assigned to a subset of teachers that a principal identifies. Element 8.3 is designed to analyze subsets of the student population that are identified for the purpose of closing achievement gaps between them and the student population as a whole.*
