

Status Check on Your Student Growth Communication Tools & Efforts

Purpose: To consider implications for future District planning regarding communications

Materials: Student Growth Communication Efforts 2014-15

Roles: Facilitator, Recorder, Reporter

Protocol

10 minutes	District team brainstorms list of communication tools and efforts used to increase stakeholder awareness/understanding of the role of student growth in the teacher and principal evaluation/learning process. For each tool/effort, team members will complete the columns as indicated.
15 minutes	District meets with size-alike District (see below) to share actions, tools, successes, and learnings with peers. Team members take notes regarding actions to duplicate in 2014-15.
5 minutes	District team members meet to consider what they heard to remember for their 2014-15 planning in the afternoon.
